## EXPERIENCE

### 10.03.2016–Present

Boomerang OTT (Turner Broadcasting System, Inc.) | *Designer*

Atlanta, GA

Responsible for creating and reviewing contents for user interface, user experience flow, interactive web prototypes, demo videos, and promotional artworks for Boomerang OTT multi-platform video app — from mobile & tablet to 10-foot app. Working closely with developers and production team, my capability overlooks from planning to execution, resolving issues by testing and troubleshooting in live production.

### 04.2010–05.2011

SEEDPOST Creative | *Designer*

Seoul, South Korea

Assisted art director to build a design strategy for clients such as Kia Motors and Hyundai. Creation of the Kia Morning promotion website.

### 06.2007–09.2008

Kyung Hee University: Digital Education Center | *Freelance Flash Developer*

Seoul, South Korea

Designed & developed all UI interactions for online class contents.
